Carrot Oil - Rich in beta-carotene. Carrot Oil improves the complexion of the skin and is often used pre & post sun exposure to help develop a deep & long lasting tan.

Jojoba Oil - Almost identical in cellular structure to sebum, Jojoba Oil is absorbed very quickly and is extremely moisturising. Ideal complete body moisturiser.

Argan Oil - Rich in polyunsaturated fatty acids and vitamin E. It is anti-microbial and helps regulate excess sebum. High EFA levels make it good for scars.

Borage Oil - Rich in gamma linolenic acid (GLA) which works as an anti-inflammatory. Helps with problems like skin inflammation, eczema, skin dryness, inflammatory skin disorders & itching.

Sweet Almond Oil - Rich in vitamins B1, A, B6, B2 and E and one of the least oily makes it ideal for everyday use. Purifies, soothes and decongests the skin.
